SUPPLEMENT TO  
REPORT NO.

1. The plans for a general conscription of the class of 1931 into the Czech army during the spring of 1951 have been cancelled. Only a small part, possibly not more than ten percent, of that class will be called up during 1951.
2. Between 1 May and 13 May 1951 occasional troop transport trains were observed moving westward on the Trencianska Tepa-Uhersky Brod-Brno railroad line. On 4 May, a troop train of 30 coaches were observed. Most of the other transports consisted of three or four coaches for troops attached to the regular passenger trains. It is believed that this movement was mainly of men called up in October 1950 who received basic training in Slovak schools and who were being assigned to units in Bohemia.
3. No Soviet military aircraft was observed at the airfields at Brno, Malacky and Olomouc on 17 May 1951.
